

# Prepare for This Upcoming Fall's COVID-19 Vaccination Campaign

**Reservations open April 1, 2026** for eligible customers\* to order a 2026-2027 formula COVID-19 vaccine option from BioNTech and Pfizer<sup>†</sup> through Pfizer Prime

By placing a reservation for a 2026-2027 COVID-19 vaccine option from BioNTech and Pfizer<sup>†</sup> online through Pfizer Prime, you receive:

## 2% early reservation discount off contract price<sup>‡</sup>

- Applicable to all eligible reserved doses and subsequent in-season orders if reservations are placed by July 31, 2026

## Prioritized shipping

- Doses reserved in advance through Pfizer Prime are anticipated to ship before in-season orders

## Certainty of timing<sup>§</sup>

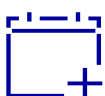

- 35% of doses ship within 3 weeks of FDA approval
- The next 40% of doses ship within 6 weeks of FDA approval
- The final 25% of doses ship within 8 weeks of FDA approval

\*Early reservation discount is available for purchases made directly from Pfizer, subject to terms and conditions. Contact Customer Service at 800-666-7248 to understand if you are eligible for this discount. For purchases through a wholesaler, contact your wholesaler to see if early reservation discounts are available.

<sup>†</sup>Product availability subject to FDA regulatory action.

<sup>‡</sup>Early reservation discount would apply to (i) a 2026-2027 formula COVID-19 vaccine option (following FDA approval/authorization, commercial availability, and billing/shipment), and (ii) subsequent orders of a 2026-2027 COVID-19 vaccine option ordered directly and shipped from Pfizer after shipment of customer's reserved COVID-19 vaccine product(s). For non-contracted customers, 2% early reservation discount would be off of list price.

<sup>§</sup>Shipments subject to minimum ordering quantities. Quantities of 10 boxes or fewer will ship within the first 3 weeks following approval.

**Customers who reserve directly through Pfizer Prime may:**

## Modify reservations without having to call Customer Service

- Customers may increase quantities previously reserved through Pfizer Prime, if the change is made prior to July 31, 2026. You may not increase a reservation after this date
- Customers may decrease quantities or cancel reservations through their Pfizer Vaccines Representative or Pfizer Customer Service (800-666-7248), if the change is made prior to shipping

## Adjust shipping schedules

- Revise shipping dates, prior to shipment, to help ensure a facility has desired supply available

Eligible customers\* can place a reservation through

Pfizer Prime

# Anticipated presentations of a 2026-2027 formula COVID-19 vaccine option from BioNTech and Pfizer\*

## 12 years of age and older:

### Single-dose, glass prefilled syringe

- Store glass prefilled syringes refrigerated at 2°C to 8°C (35°F to 46°F).  
**DO NOT FREEZE**
- Refrigerator stable for up to 12 months from date of manufacture<sup>†</sup>

## 5-11 years of age:

### Single-dose vial

- Frozen vials may be stored in an ultra-low-temperature (ULT) freezer at -90°C to -60°C (-130°F to -76°F) until the expiration date printed on the vials and cartons (up to 18 months)
- Do not store vials at -25°C to -15°C (-13°F to 5°F). Once vials are thawed, they should not be refrozen
- If vials are received at refrigerator temperatures of 2°C to 8°C (35°F to 46°F), they should be stored at 2°C to 8°C (35°F to 46°F)<sup>‡</sup>

\*Product availability subject to FDA regulatory action.

<sup>†</sup>Not to exceed the expiration date printed on the carton and syringe labels.

<sup>‡</sup>Check that the carton has been updated to reflect the 10-week refrigerated expiration date.

FDA = U.S. Food and Drug Administration.
